### STEEL SHIELD WALL FOR DESPERADOES

CHICAGO, Dec. 8.—Instead of un-lumbering the old "cat" and showering criminals who resist arrest with bullets, Chicago police in the future will thrust forth a steel shield and advance upon their quarry behind a wave of poison gas.

City Chemist Frederick O. Toney and Chief of Police Fitzmorris are per-

fecting plans for the use of gas in the local crime drive. The gas will be designed to render criminals powerless rather than kill and will be used only where desperate men are threatening the lives of policemen.

Officers using the gas will be protected by a heavy steel shield.
